PPG Architectural Coatings

# Back TO BASICS

The new neutralist is far from vanilla. There is nothing 'beige' about you – in fact, you are a colour vanguard. You know how to combine the tried and trusted with the unexpected to create a look that turns the conventional idea of a neutral colour palette upside down, inside out and wrong way round...

**Let PPG Paints help you find the perfect neutral palette for every room in your home.**

## Let's Go Paint!

There's nothing quite like standing in a finished, newly painted room. Transformation complete. But we know that in order to get there, so much has to happen along the way. To help you start on your colour journey, why not purchase a **PPG Paints Sample Pot** and explore the possibilities of colour in your home.

## Online Colour Tools

There are so many ways to make sure that the colour you're choosing is going to be perfect for your space. Check out the PPG Paints website for online tools that will help you with your project.

### PAINT CALCULATOR

The PPG Paints Paint Calculator is designed to do the thinking for you. It will calculate how much paint you need for your next project before you even step into the paint store. It works for any room in your house!

### PAINT YOUR OWN ROOM TOOL

Choosing colour can be a daunting process, but PPG Paints are here to bring out your inner-designer and help get your colour right the first time. The Paint Your Own Room Tool allows you to see what colours look like in your home, by uploading a photo of your room and following a few simple steps.

### COLOUR WALL

Keen to explore colour further? Our online colour wall allows you to view our large range of colours and create various colour schemes to help bring your project to life.
